

Snow Fun Week /Return and Review

Weekly Kindergarten Focus January 6th – January 10th

Language Arts Assessments

- Use reasoning skills to sequence the activity of building a snowman
- Free journal writing using phonemic awareness and phonics skills
- Compare and contrast The Snowman
- Listen for rhyming words
- Use high frequency words to write sentences
- Listening to follow directions
- Writing the alphabet Aa to Zz

Class Chapter Book

Lost In The Snow

Math Assessments

- Fill in January calendar
- Use numbers to describe how many objects are in a set
- Writing numbers 1-50
- Visual discrimination and graphing given objects
- Identify and describe shapes
- Understand 2 and 3-dimensional shapes
- Learning circles, rectangles, squares, triangles and hexagons

Social Studies

- Learning about snowflakes – six-sided ice crystals

Activities: This week, to review, we will do worksheets using snow as our theme. We will match mittens and create a graph to show which is more/less. We will use reasoning skills to sequence building a snowman. We will create another class book entitled Snow Fun! In addition to these activities we will be building our fine motor skills of coloring, cutting, gluing and handwriting.

Happy New Year to all of you!
