

August 7, 2019

Dear Kindergarten Parents,

Hello! I am your child's kindergarten teacher, Mrs. Sandy Rissler. I am very excited about beginning a new year in kindergarten at Central Elementary School. I feel that it is very important for each child to get a good positive start in school and I hope to provide that for all my kindergarten students. Kindergarten is a time for learning many things but also a time to have fun. It is my intention to present many fun learning experiences throughout this coming year!

Each day of the week we will attend a special class. These are the special classes and teachers:

- Monday.....MusicMrs. Pruitt**
- Tuesday.....Library.....Mrs. Hayes**
- Wednesday.....Art.....Mr. Padgett**
- Thursday.....Gym.....Mrs. Pitts**
- Friday.....Computer.....Mrs. Cunningham**

As you know we do offer breakfast for the students and it would be very helpful if you could let me know if your child is supposed to be going to breakfast or not. If you could just send me a note, that would be great. Thank you!

Over----->

BIRTHDAYS ARE SPECIAL! We like to make each child's birthday special so if you would like to send treats you may do so. At the present time we have 19 students in our class. I have noticed there are some students that have already celebrated a summer birthday and if they wish to celebrate again with their new class friends that would be just fine or they may celebrate their summer birthday next May. Please check with me for an exact number and a possible time to have the treats.

I was so happy to meet many of you last evening during "Meet the Teacher" night. It is my goal to keep you, as parents, fully aware of what is happening within our classroom. We have a computer site for our kindergarten class. If you want to keep informed you can go to our South Putnam website. I will be sending notes to keep you updated also, so keep your eyes open for school communication brought home by your child. (Look for a copy of how to get to the website in today's mail - same one you could have picked up last Thursday evening.)

Now that this school year has begun let us work together to make it the very best for your child. Educating everyone takes everyone!

Sincerely,
Mrs. Rissler ☺
